**AN ACT  
REFORMING THE MILITARY AND UNIFORMED PERSONNEL RETIREMENT  
AND PENSION, AMENDING PRESIDENTIAL DECREE NOS. 361, 1638, 1656,  
REPUBLIC ACT NOS. 8551 AND 9993,  
AND FOR OTHER PURPOSES**

**EXPLANATORY NOTE**

In declarations made by the Malacañang as early as February of this year, President Rodrigo Roa Duterte signified his intent to certify as urgent bills reforming the country's pension system for military and uniformed personnel (MUP).

Under the present system, the pension requirements of the MUP retirees, solely derived from the General Appropriations Act of the National Government, have become onerous and unaffordable. Pension benefits of uniformed personnel increase alongside the salary hikes of those in active service, even as retired uniformed personnel enjoy indexation of benefits. Hence, it has become apparent that the government cannot sustain such pension system, with no additional sources of financing besides the National Budget.

Last 2017, the government set aside PhP 102.44 billion, or 4.1 percent of its total new appropriations, for the MUP pension fund, equivalent to 321 percent of the amount appropriated for the same purpose just a decade ago. These ballooning amounts demand the establishment of a sustainable insurance fund for the MUP retirees.

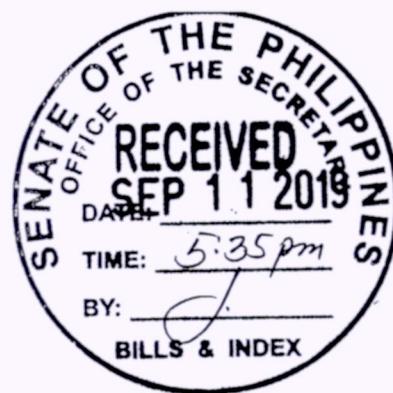

This, this bill seeks to create an MUP Fund to be supervised by the Government Service Insurance System (GSIS), its funds to be separate and distinct from other funds. It shall cover new entrants to the service, while, the existing pension system shall apply to those either already in active service or are among existing pensioners. An additional feature of this bill is the option given to early retirees to withdraw a minimal portion of their pension to be used for various legitimate purposes, provisions on post-retirement preparation, preferential hiring of retirees in government agencies, and a more comprehensive medical and health care for the MUP retirees.

Hence, the passage of this bill is earnestly sought.
