S. No. 1016

RECEIVED

Introduced by SENATOR RAMON BONG REVILLA, JR.

**AN ACT
AMENDING CERTAIN PROVISIONS OF REPUBLIC ACT NO. 10912,
OTHERWISE KNOWN AS THE "CONTINUING PROFESSIONAL
DEVELOPMENT ACT OF 2016"**

EXPLANATORY NOTE

Republic Act No. 10912, otherwise known as "*Continuing Professional Development Act of 2016*" or CPD Law was enacted by Congress and lapsed into law last July 21, 2016 with the primary intent to promote and upgrade the practice of professions in the country by continuously improving the competencies of the Filipino professionals in accordance with and comparable to the international standards of practice. Thereby, this ensures their contribution in uplifting the general welfare, economic growth and development of the nation.

However, the implementation of CPD Law has been met with so much resistance from professionals, most especially teachers, engineers, accountants, physicians and nurses, among others, particularly the required forty-five (45) CPD units in the renewal of professional identifications cards (PICs). Thus, there were several bills filed in the previous Congress that seek to repeal or amend the CPD Law. The Professional Regulation Commission (PRC), in response to this clamor and various hearings of the Senate Committee on Civil Service and Government Reorganization and the House Committee on Higher Education issued Resolution No. 2019-1146, amending relevant provisions of the Implementing Rules and Regulations (IRR) of the CPD Law, repealing the imposition of 45 CPD units in the renewal of PICs. The PRC

Resolution provided a transition period for the implementation of Section 10 of CPD Law, until such time the antecedent requirements as indicated by PRC in their said Resolution shall have been accomplished, such as the formulation of Career Progression and Specialization for every profession, pursuant to Section 12 of the CPD Law.

Career progression and specialization is vital and important tool and requirement in addressing professionals' welfare, employment and compensation issues, job mismatch, portability and comparability of qualifications, and to facilitate mobility in the local, regional and international labor markets. With Career Progression and Specialization, quality assured CPD credit units can be transferred or awarded to higher level of qualifications pursuant to the Philippine Qualification Framework (PQF).

Towards career progression and specialization, there must be in place a Qualification Portfolio Assessment Standards for every profession to ensure quality assurance in the recognition and award of higher level of qualifications for every professional. Moreover, the Index of Occupational Standards (IOS) of the Department of Budget and Management and the Qualification Standards of Positions of the Civil Service Commission, including those in the private sector through the Department of Labor and Employment need to be reviewed, revised and restructured/updated in accordance with the standards of practice and qualifications indicated in the Career Progression and Specialization of each profession.

In view of the above premises and concerns, there is a need to amend certain provisions of RA No. 10912 or the CPD law. Hence, the approval of this bill is earnestly requested.
