

EIGHTEENTH CONGRESS OF THE
REPUBLIC OF THE PHILIPPINES)
First Regular Session)

 Senate
Senate of the Philippines

SENATE

19 JUL -2 AM 1:56

S. No. 168

PER 1

J

INTRODUCED BY SENATOR RISA HONTIVEROS

AN ACT

**CREATING A DEPARTMENT OF OCEAN, FISHERIES AND AQUATIC RESOURCES,
PROVIDING FOR ITS POWERS AND FUNCTIONS, APPROPRIATING FUNDS
THEREFOR AND FOR OTHER PURPOSES**

EXPLANATORY NOTE

The fisheries industry provides both food security and livelihood to millions of Filipinos. The decline in the fish catch from degraded fishery resources significantly contributed to the high incidence of poverty in the sector at 39.2 % in 2014, according to the Comprehensive National Fisheries Industry Development Plan 2016-2020. Some 1.6 million fisherfolks residing in coastal communities are vulnerable to the worsening resource use conflict and the resulting increase in the competition for food. A recent paradigm shift was adopted to address this resource depletion. From exploitative, demand-driven, production-based fisheries, a scientific, sustainable, ecosystems-based fisheries management was adopted.

However, developments in the fishing grounds and markets, such as the ASEAN integration, the short return rates of climate change events and other hazards coupled with the low coping capacity of the fishing industry, and pervasive issues such as the depletion of fish stocks, degradation of fishery habitats, overfishing, and international poaching especially in our contested maritime zones, continue to challenge our current institution, the Bureau of Fisheries and Aquatic Resources, only an attached agency, that is mandated to perform the overwhelming task of managing the utilization of our fishery resources and the protection of our marine life and environment.

With the following objectives of the fisheries industry under the Comprehensive National Fisheries Industry Development Plan 2016-2020, to wit: providing sufficient contributions to national food security; inclusive growth within the industry; sustainable science-based fisheries and aquatic resource management practices; compliance to

international laws, policies, and standards, and enforcement of local laws and regulations; strengthened capacities to infrastructure, technologies, human resource, and information sharing, and resilience to environmental hazards, a strengthening of the State's mandate and capacity to regulate the use of the ocean, marine life, and other bodies of water is imperative.

This bill will create a Department of Ocean, Fisheries and Aquatic Resources, an institution that will manage, conserve, and develop our fisheries and aquatic resources and rationalize all ocean sector initiatives within our jurisdiction. The establishment of this body is the response to the challenges that is besetting our fisheries industry and the key to achieve the objectives set in our national fisheries industry development plan.

The passage of this bill is earnestly sought.

RISA HONTIVEROS

S. B. No. 168

REC'D

J

INTRODUCED BY SENATOR RISA HONTIVEROS

AN ACT

**CREATING A DEPARTMENT OF OCEAN, FISHERIES AND AQUATIC RESOURCES,
PROVIDING FOR ITS POWERS AND FUNCTIONS, APPROPRIATING FUNDS
THEREFOR AND FOR OTHER PURPOSES**

Be it enacted by the Senate and House of Representatives of the Republic of the Philippines in Congress assembled:

**CHAPTER I
GENERAL PROVISIONS**

1 Section 1. *Short Title.* – This Act shall be known as the "Department of Ocean,
2 Fisheries and Aquatic Resources Act of 2019."

3 Sec. 2. *Declaration of Policies.* – It is hereby declared the policy of the State:

- 4 a) to promote the sustainable development and management of all fisheries
5 and marine resources in Philippine waters including the exclusive
6 economic zone (EEZ) and in the adjacent high seas consistent with the
7 objective of maintaining a sound ecological balance, protecting and
8 enhancing the quality of the environment;
- 9 b) to protect and conserve the nation's marine wealth in its archipelagic
10 waters, territorial sea and exclusive economic zone and reserve its use
11 and enjoyment exclusively to Filipino citizens;
- 12 c) to adopt the precautionary principle and to prioritize conservation of the
13 country's marine and aquatic resources;
- 14 d) to protect the rights of small-scale fishermen in the preferential use of
15 communal marine, fisheries and aquatic resources;
- 16 e) to protect fisherfolk communities from the adverse effects of climate
17 change and severe weather disturbances.

18 Sec. 3. *Department of Ocean, Fisheries and Aquatic Resources.* – To carry out
19 the above-declared policy, there is hereby created the Department of Ocean, Fisheries
20 and Aquatic Resources, hereinafter referred to as the Department,

1 Sec. 4. *Mandate.* – The Department shall exercise primary jurisdiction over the
2 management, conservation, development, protection, utilization and disposition of all
3 fishery and aquatic resources of the country, including the habitats of fish and all other
4 marine life and over activities which impact on these habitats, except for municipal
5 waters, which shall remain under the jurisdiction of local government units. The latter
6 shall manage their municipal waters in accordance with existing national fishery policies,
7 laws, rules and regulations.

8 The Department shall have the authority to supervise and regulate the production and
9 capture of fish and fishery products within its jurisdiction, as well as the processing and
10 marketing of all fisheries and aquatic products in the country.

11 The Department shall have the responsibility of rationalizing all ocean sector initiatives
12 which impact on fish and marine resources or their habitat including, but not limited to:
13 marine energy exploration and development; coastal and marine tourism; designation
14 of shipping lanes; protected areas; and, marine industry development areas. The
15 regulation of these marine activities, once rationalized by the Department, shall reside
16 with the parent agency for the appropriate sector involved.

17 Sec. 5. *Powers and Functions.* – To accomplish its mandate, the Department shall
18 have the following powers, functions and responsibilities:

- 19 a) Authority and responsibility over ocean use on fisheries and their habitat;
- 20 b) Coordinate the implementation of fisheries and ocean sector policies,
21 plans and laws for all maritime components;
- 22 c) Promulgate and enforce fisheries and oceans habitat regulations, clarify
23 and amplify the aforementioned departmental mandate in accordance with
24 the published fisheries and oceans management and protection plans
25 within its territorial jurisdiction;
- 26 d) Prepare and implement a comprehensive Fisheries Management and
27 Protection Plan, based on the precautionary principle and the principle of
28 sustainable development, using scientifically-generated information or best
29 available evidence on the status of the fisheries and marine resources;
- 30 e) Formulate and implement, consistent with the development framework of
31 the National Economic and Development Authority (NEDA), a fishery
32 industry development program and set policies and standards for the
33 efficient and economic operations of the fishing industry in accordance
34 with the objectives of food security and sustainable development;

- 1 f) Promulgate laws, rules and regulations governing the conservation and
2 proper utilization of fisheries and aquatic resources except in municipal
3 waters;
- 4 g) Issue licenses for the operation of commercial fishing vessels and permits
5 for the conduct of fishery activities subject to the specific carrying
6 capacities of the resource as determined by scientific studies or best
7 available evidence with preference given to resource users in the local
8 communities living adjacent or nearest to the municipal waters;
- 9 h) Issue fish worker licenses and identification cards free of charge to fish
10 workers engaged in commercial fishing;
- 11 i) Implement the provisions of Republic Act No. 8550 and the relevant
12 provisions of Republic Act No. 8435 and enforce all fishery laws, rules and
13 regulations through its fishery officers and guardians who shall be vested
14 with full police powers including arrest, search and seizure and through
15 deputized government officials and employees, punong barangays and
16 officers and members of fisher folk associations who have undergone
17 training on law enforcement;
- 18 j) Perform quasi-judicial and allied functions and settle conflicts of resource
19 use and allocation in consultation with the NFARMC and LGUs;
- 20 k) Prescribe rules and regulations including visitorial powers, procedures and
21 guidelines concerning the classification, establishment, construction,
22 maintenance and operation of all fishing ports, landing sites and fish
23 markets and the operation of business therein except those that are
24 owned and operated by local government units;
- 25 l) Establish and maintain a Philippine Fisheries and Aquatic Resources
26 Information System (PFARIS) that will function as the principal depository
27 and information server of all fisheries and ocean-related information in the
28 country, including but not limited to the status of fisheries and marine
29 resources and their habitat, all matters pertaining to fisheries production,
30 processing, marketing and research results and technology advances;
- 31 m) Develop and implement a Monitoring Control and Surveillance System
32 (MCSS) for Philippine fisheries and oceans at the national and regional
33 levels to ensure that the fisheries and marine resources in Philippine
34 waters are judiciously and wisely utilized and managed on a sustainable
35 basis;

- 1 n) Actively engage in the conservation, protection and rehabilitation of rare,
2 threatened and endangered marine and fresh-water species as it may
3 determine, including their habitats;
- 4 o) Implement relevant provisions of international treaties and agreements
5 such as, but not limited to, the Convention on the International Trade in
6 Endangered Species of Wild Flora and Fauna, United Nations Convention
7 on the Law of the Sea, Convention on Biological Diversity, and formulate
8 rules and regulations for the conservation and management of straddling
9 fish stocks and highly migratory species;
- 10 p) Designate marine areas as protected areas for the special purposes stated
11 in the notice of declaration;
- 12 q) Formulate and enforce the Code of Practice for Aquaculture and Code of
13 Conduct for Responsible Fisheries;
- 14 r) Promote international economic and technical cooperation in the fisheries
15 and oceans sectors and in integrated oceans management, especially
16 within the ASEAN region;
- 17 s) Impose administrative sanctions including fines for minor fisheries and
18 ocean infractions, in accordance with the schedules and limits as agreed
19 upon by the Department of Justice and embodied in fisheries regulations;
- 20 t) Acquire, maintain, operate, purchase, lease or dispose, through the
21 Philippine Fisheries Development Authority (PFDA), equipment and
22 facilities such as shipyards, fishing vessels, fishing gears, and refrigerated
23 trucks, ice plants and cold storages, communication, and aquaculture
24 facilities;
- 25 u) Fix, assess and collect reasonable fees, tolls, charges, rentals and the like,
26 through the PFDA, for the use, sale of properties, equipment, facilities and
27 services to support the Department's projects and to adjust the same as
28 warranted;
- 29 v) Provide, through the PFDA, infrastructure support such as municipal
30 fishing ports and markets, farm-to-market roads, quality laboratories in
31 fish ports, marketing facilities, local fisheries shipbuilding and repair
32 facilities, and post-harvest facilities, in cooperation with concerned
33 agencies;
- 34 w) Establish and implement, through the PFDA, a National Marketing
35 Assistance Program, aimed at ensuring the generation of the highest'

- possible income for fisher folk and fishery-related enterprises, matching supply and demand in both domestic and foreign markets;
- x) Establish and create fisherfolk settlement areas in coordination with concerned agencies, where certain areas of the public domain, specifically near the fishing grounds, shall be reserved for the settlement of the municipal fisherfolk;
- y) Administer a fisheries modernization credit program to finance fishery projects of fisher folks, fish farmers, fish processors, commercial fishers and other qualified borrowers; and
- z) Perform all other functions consistent with this Act and as may be provided by law.

CHAPTER II

THE DEPARTMENT PROPER

Sec. 6. *Composition.* – The Department shall be composed of the Office of the Secretary and three (3) Undersecretaries for Fisheries Production and Utilization, Fisheries Conservation and Management, and for Operations, three (3) Assistant Secretaries;; one council, the National Fisheries and Aquatic Resources Management Council, one institute, the National Fisheries Research and Development Institute, one office, the Office of Ocean and Marine Affairs and the following services: the Philippine Fisheries and Aquatic Resources Information Service, the Fisheries Inspection and Quarantine Service, the Bureau of Fishery Economics and Statistics, Policy Analysis and Planning Service, as well as Personnel, Finance, Legal and Property and General Services.

The Office of Ocean and Marine Affairs shall have authority and responsibility over ocean use. It shall be the Department's primary agency tasked with the implementation of the National Marine Policy and the relevant provisions of the United Nations Convention on the Law of the Sea. Any and all use of the ocean shall require the assessment and clearance by this Office, which shall rationalize initiatives that will negatively impact on fisheries or their habitat. It shall coordinate the implementation of fisheries and ocean sector policies, plans and laws for all maritime components. It shall be headed by a Director and shall have the following divisions:

- a) Oceans Use Assessment and Clearance Division;
- b) National and International Oceans Law and Policy Division;
- c) Special Projects Division; and

1 d) Technical Division.

2 The Philippine Fisheries Development Authority (PFDA) created by Presidential Decree
3 No. 977 as amended, shall be an attached agency of the Department of Fisheries and
4 Aquatic Resources under the Office of the Secretary.

5 Sec. 7. *The Secretary of Fisheries and Aquatic Resources.* – The Secretary of
6 Fisheries and Aquatic Resources, hereinafter referred to as the Secretary, shall be
7 appointed by the President with the consent of the Commission on Appointments, and
8 shall have the following functions:

- 9 a) Exercise supervision and control of the Department and the Bureaus,
10 Offices and Institutes under it;
- 11 b) Authority and responsibility for the performance of the powers and
12 functions of the Department;
- 13 c) Advise the President on the promulgation of policies, rules and
14 regulations, and other issuances relative to the sustainable development
15 and management of fisheries and oceans resources;
- 16 d) Establish management policies and standards for the efficient and
17 effective operation of the Department in accordance with the programs of
18 the government;
- 19 e) Promulgate rules, regulations and other issuances in carrying out the
20 Department's mandates, objectives, policies, plans, programs and
21 projects; and
- 22 f) Perform such other functions as may be provided by law or assigned by
23 the President.

24 Sec. 8. *Functions of the Undersecretaries of the Department of Fisheries and*
25 *Aquatic Resources.* – There shall be three (3) Undersecretaries, namely,: the
26 Undersecretary for Fisheries Production and Utilization; the Undersecretary for Fisheries
27 Conservation and Management; and the Undersecretary for Operations; who shall be
28 appointed by the President upon the recommendation of the Secretary.

29 The Undersecretaries for Fisheries Production and Utilization and for Fisheries
30 Conservation and Management shall have the following functions:

- 31 a) Advise the Secretary on the formulation of policies, programs, plans,
32 rules and regulations, as well as on the promulgation of Department
33 Order, Administrative Orders, and other issuances with respect to his/her
34 area of responsibility;
- 35 b) Exercise supervision and control over the bureaus, offices, services and
36 operating units under his/her responsibility;

- c) Coordinate the functions and activities of the units under his/her responsibility with those of other units in the Department;
- d) Liaise with concerned government departments, agencies, and offices to ensure effective coordination in the management of the fisheries and oceans sector; and
- e) Perform such other functions as may be provided by law or assigned by the Secretary.

The Undersecretary for Operations shall have the following functions:

- a) Exercise supervision and control over the regional offices;
- b) Coordinate, harmonize and package the policies, plans, programs and projects of all the Bureaus, Services, Offices and Units of the Department, for the proper implementation by the regional offices;
- c) Advise the Secretary in the formulation of policies, plans and programs as well as on the promulgation of rules, regulations and orders with respect to his/her area of responsibility;
- d) Exercise supervision and control over the Fisheries Inspection and Quarantine Service and the Bureau of Fishery Economics and Statistics;
- e) Establish linkage with local government units, local fisher folk associations and organizations, non-government organization and peoples' organization and supervise support and extension services at the regional, provincial and municipal levels; and
- f) Perform other functions as may be provided by law or assigned by the Secretary.

Sec. 9. Assistant Secretaries. – The Assistant Secretaries shall be appointed by the President upon the recommendation of the Secretary.

Sec. 10. Regional Offices and Functions. – The Department shall have such department-wide regional offices as may be necessary in the administrative regions, each to be headed by a Regional Director, who shall be assisted by an Assistant Regional Director, each regional office shall have support staffs as may be necessary and four line divisions which shall have the following duties and responsibilities:

- a) Provide efficient and effective front-line service to the fishery and aquatic industry sector, particularly to the municipal fishermen;
- b) Implement in its area of jurisdiction, the laws, policies, plans, programs, projects, rules and regulations of the Department;
- c) Coordinate with the Regional Office of other departments, offices and agencies in the region; and

1 d) Perform other functions as may be provided by law or assigned by the
2 Secretary.

3 Sec. 11. *Qualifications.* – No person shall be appointed as Secretary,
4 Undersecretary or Assistant Secretary of the Department unless he or she is a citizen or
5 resident of the Philippines, of good moral character, of at least a degree holder in
6 fisheries, public administration, management, economics, law or any other equivalent
7 relevant discipline, has actual experience in public administration and management for
8 at least ten (10) years.

9 The Directors must have a degree in law or Master of Science degree in marine
10 fisheries, oceanography, fisheries biology, marine biology, fisheries technology,
11 microbiology or related sciences, or public administration and at least five years of
12 experience either in the public or private sector, in marine fisheries research and
13 development, or in the fisheries industry.

14 Sec. 12. *Bureaus, Offices and Divisions.* – Subject to the power of the Secretary,
15 with the approval of the President, to reorganize, restructure, and redefine the functions
16 of the bureaus, in order for them to effectively carry out their mandate under this Act,
17 the Department shall have the following bureaus and services: Bureau of Aquaculture
18 and Inland Fisheries, Bureau of Post-harvest and Fisheries Product Standards, Bureau of
19 Fisheries Extension, Training, and Support Service, Bureau of Fishing Technology and
20 Capture Fisheries, Fisheries Modernization Credit and Financing Agency, Marine
21 Resources Conservation and Management Bureau, Bureau of Marine Protected Areas
22 and Wildlife, Fisheries Inspection and Quarantine Inspection Service and Bureau of
23 Fishery Economics and Statistics.

24 Under the supervision and control of the Undersecretary for Fisheries Production and
25 Utilization, the following bureaus, services and offices are hereby created:

26 a) Bureau of Aquaculture und Inland Fisheries (BAIF) – The BAIF shall,
27 among other, be responsible for:

- 28 a. regulating aquaculture operations in line with the International
29 Code of Conduct for Aquaculture, promoting the intensification
30 of aquaculture operations in existing areas;
- 31 b. formulating aquaculture development programs;
- 32 c. establishing and maintaining model aquaculture farms and
33 ponds;
- 34 d. providing technical assistance to cooperatives and fishpond
35 operators in the development of a viable fishmeal and fish feeds
36 industry, undertaking inland fishery resources evaluation; and

- e. recommending management and conservation measures.
 - b) The Bureau shall be headed by a Director and assisted by one Assistant Director. The bureau shall be composed of the following divisions:
 - a. Aquaculture Management and Development Division;
 - b. Inland Fisheries Resource Assessment and Conservation Division;
 - c. Inland Fishery Development and Extension Division; and the
 - d. Environmental Impact Assessment and Monitoring Division.
 - c) Bureau of Post-harvest and Fisheries Product Standards (BPFPS) – The fishery component of the Bureau of Agriculture and Product Standards created under Section 61 of RA 8435 shall be transferred to the BPFPS which shall:
 - a. formulate and enforce standards of quality in the processing, preservation, packaging, labeling, importation, exportation, distribution, and advertising of fishery products;
 - b. conduct research on product standardization, alignment of the local standards with the international standards; and
 - c. promote and strengthen semi-processing and handling;The BPFPS shall have a Director, two Assistant Directors, one for Product Standards and Technical Services and the other for Industry Compliance and Consumer Protection and the following divisions:
Under the Assistant Director for Product Standards and Technical Services are the following:
 - a. Technical Services Division
 - b. Fish Processing Technology Division
 - c. Standards Development and Promotion Division; and
 - d. Value-added Products Development and Promotion Division.Under the Assistant Director for Industry Compliance and Consumer Protection are the following:
 - a. Industry Compliance Division;
 - b. Consumer Affairs Division; and the
 - c. Arbitration and Dispute Resolution Division.
 - d) Bureau of Fisheries Extension, Training, and Support Service (BFETSS) – The BFETSS shall:

- a. coordinate all development activities with respect to fisheries and oceans technology, and shall have a development section for all components including inland and oceans fishing;
- b. formulate a National Extension System for Fisheries, which shall be composed of three (3) subsystems: the national government subsystem, the local government subsystem and the private sector subsystem;
- c. deliver the following major services: training services; credit and financing support services, business advisory services; demonstration services, and information and communication support services through tri-media.

It shall have the following divisions:

- a. Training and Skills Development Division;
 - b. Technology Transfer and Demonstration Division;
 - c. Business Advisory and Information Support Division; and
 - d. Training Centers.
- e) The Bureau of Fishing Technology and Capture Fisheries (BFTCF) - The BFTCF shall have direct supervision and control over the utilization of marine resources including commercial, international and small-scale fisheries. It shall formulate development programs for the expansion of the marine fishery industry; explore new fishery resources and development of environment friendly but efficient fishing gears.
- It shall be headed by a Director and two Assistant Directors and shall have the following divisions:
- a. Municipal Fisheries Division;
 - b. Commercial Fisheries Division;
 - c. Fishing Technology Division; and
 - d. High Seas Fisheries Division;
- f) The Fisheries Modernization Credit and Financing Agency (FMCFA) – The FMCFA shall administer the funds under Sections 108 to 113 of RA 8550 as well as the fisheries related provisions of Sections 20 to 25 of RA 8435, harmonizing and integrating the two so as to package and deliver various credit assistance programs for the following:
- a. Fisheries production including processing of fisheries products and inputs;

- b. Acquisition or construction of fishery equipment, machinery, fishing vessels and fishing gears;
- c. Acquisition of fry, fingerlings, fertilizers, feeds and similar items;
- d. Procurement of fisheries products for storage, trading, processing and distribution;
- e. Construction, acquisition and repair of facilities for production, processing, storage, transportation, communication, marketing and such other facilities in support of fisheries; economic activities; and
- f. Working capital for fisheries graduates to enable them to engage in fisheries-related activities which support marine and freshwater bodies conservation and ecology-enhancing activities such as but not limited to mangrove reforestation, promotion of whale shark and manta ray and other endangered marine species watching and ecotourism; and
- g. Development of appropriate technology, both in fishery and ancillary industries that are ecologically sound, locally source-based and labor intensive, based on the requirements of the Fisheries and Aquatic Management Councils.

Under the supervision and control of the Undersecretary for Fisheries Conservation and Management, the following bureaus, units, board and services are hereby created:

- a) Marine Resources Conservation and Management Bureau – The Marine Resources Conservation and Management Bureau is a line bureau tasked with the formulation and implementation of a Comprehensive Fisheries Management Plan. It shall undertake marine fishery resources assessment and biological and environmental investigations and formulate conservation measures. In coordination with the National Fisheries Research and Development Institute, it shall determine and establish the carrying capacity and total allowable catch (TAC) for a particular resource and location. It shall set the allowable fishing effort based on the carrying capacity of the resource and TAC and accordingly issue commercial fishing licenses and permits.

It shall be headed by a Director and two Assistant Directors and shall have the following divisions:

- a. Coastal Resources Management Division;
- b. Oceanography Division;

- c. Fisheries Licensing Division;
 - d. Biotechnology, Bio-safety and Bio-prospecting Division; and the
 - e. Fisheries Law Enforcement Division.

The Fisheries Law Enforcement Division shall operate the National and Zonal Monitoring Surveillance System. It shall establish fishery air and ocean patrol as well as conduct law enforcement trainings and recommend to the Secretary the deputation of government employees and members of fisher folk associations as fishery guardians. It shall have the supervision and control of fishery officers and guardians and the corps of specialists responsible for the enforcement of fishery laws, rules and regulations and the efficient monitoring and surveillance of fishing activities within Philippine territorial waters. It shall have the following units:

- i. The National and Fisheries Zone Monitoring and Surveillance Center which shall have a National Coordinating Center and several Fisheries Zones Monitoring and Surveillance Centers. It is further subdivided into the Vessel Tracking and Remote Sensing Office, and the Database and Information Center;
 - ii. The Fisheries Air Patrol and Oceans Patrol, and the Regulatory Staff composed of Fishery Officers, Deputized Fisheries Guardians and the corps of specialists from the DND, PNP-MARICOM, DILG, DFA and DOJ. The Fishery Officers shall have full police powers relative to the enforcement of fishery laws, rules and regulations including arrest, search and seizure, and shall have the authority to directly file complaints for violation of fishery laws, rules and regulations.

- b) The Bureau of Marine Protected Areas and Wildlife (BMPAW) – The BMPAW is a line bureau responsible for establishing and maintaining marine protected areas and wildlife sanctuaries. It shall lead in the conduct of scientific researches on the proper strategies for the conservation and protection of marine wildlife and their habitat including breeding or propagation. It shall also establish Marine Wildlife Rescue Centers to take custody of all confiscated, stranded or abandoned marine wildlife. It shall have the authority to issue Committee on International Trade on Endangered Species (CITES) Permits and shall be both the CITES Management and Scientific Authorities of the Philippines.

1 It shall be the lead agency in the fulfillment of the country's obligations
2 under CITES, the Convention on Biological Diversity and other treaties
3 and international agreements. Related functions and activities currently
4 undertaken the Protected Areas and Wildlife Bureau (PAWB) of the
5 Department of Environment and Natural Resources are now transferred
6 to the BMPAW. Likewise, all established marine protected areas currently
7 supervised by the PAWB shall now be transferred to the BMPAW for
8 supervision and management.

9 The Bureau shall have the following divisions:

- 10 a. Marine Protected Areas Division;
- 11 b. Marine Wildlife Rescue Centers;
- 12 c. CITES Management Authority;
- 13 d. Endangered Marine Species Captive Breeding Centers;
- 14 e. Endangered Marine Wildlife Research Center shall be the
15 Department's CITES Scientific Authority which shall coordinate
16 with academic institutions designated as scientific authorities; and
17 the
- 18 f. Biodiversity Division

19 The Undersecretary for Operations shall have direct control and supervision over all
20 regional offices and the following unit and bureau:

- 21 a) The Fisheries Inspection and Quarantine Inspection Service (FIQIS) –
22 The FIQIS shall have line functions and shall be responsible for the
23 inspection and quarantine of all fishery related activities including the
24 conduct of quarantine and quality inspection of all fish and
25 fishery/aquatic products coming into and going out of the country by air
26 or water transport to detect the presence of fish pest and diseases, the
27 regular inspection of processing plants, storage facilities, abattoirs, as
28 well as public and private markets in order to ensure freshness, safety
29 and quality of products and to ensure that these products conform to
30 the standards prescribed by the Department; and the quarantine of
31 aquatic animals and fishery products determined or suspected to be with
32 fishery pest and diseases and prevent the movement or trade from and
33 or into the country of these products so prohibited or regulated under
34 existing laws, rules or regulations and international agreements of which
35 the Philippine is a State Party.

36 It shall have the following units:

- a. Regional fishery Inspection and Quarantine Offices;
 - b. Cyanide Detection Centers;
 - c. Product Standards Enforcement Division;
 - d. Regional Fish Health Centers.

b) The Bureau of Fishery Economics and Statistics (BFES) – The BFES shall be a line bureau responsible for establishing benchmark data on the structure of the fishery industry. It shall conduct research and studies on the socio-economics of various fishery operations, collect data on fishery production, and establish a network of fishery information, documentation and dissemination.

It shall have the following divisions:

- a. Fishery Statistics Division;
 - b. Socioeconomic Division; and the
 - c. Fishery Information Division.

15 There shall be an Office of Ocean and Marine Affairs shall have authority and
16 responsibility over ocean use. It shall be the Department's primary agency tasked with
17 the implementation of the National Marine Policy and the relevant provisions of the
18 United Nations Convention on the Law of the Sea. Any and all use of the ocean shall
19 require the assessment and clearance by this Office, which shall rationalize initiatives
20 that will negatively impact on fisheries or their habitat. It shall coordinate the
21 implementation of fisheries and ocean sector policies, plans and laws for all maritime
22 components. It shall be headed by a Director and shall have the following divisions:

- a) Oceans Use Assessment and Clearance Division;
 - b) National and International Oceans Law and Policy Division;
 - c) Special Projects Division; and
 - d) Technical Division.

27 The Philippine Fisheries Development Authority (PFDA) created by Presidential Decree
28 No. 977 as amended, shall be an attached agency of the Department of Fisheries and
29 Aquatic Resources under the Office of the Secretary.

CHAPTER IV

TRANSITORY PROVISIONS

34 Sec. 13. *Abolition, Transfer and Merger.* – The Bureau of Fisheries and Aquatic
35 Resources reconstituted by Republic Act No 8550, is hereby abolished and its relevant
36 functions, appropriations, records, properties, equipment and personnel are hereby

1 transferred to the Department of Fisheries and Aquatic Resources: Provided, however,
2 That no official or employee of the BFAR shall be laid off in the implementation of this
3 section. The National and Municipal Fisheries and Aquatic Resources Management
4 Councils created by Republic Act No. 8550 shall be transferred to the Office of the
5 Secretary of the Department of Fisheries and Aquatic Resources.

6 The National Fisheries Research and Development Institute created by Republic Act
7 No.8550 is transferred to the Department and shall serve as its principal research arm.
8 The Philippine Fisheries Development Authority created by Presidential Decree No. 977
9 including its relevant functions, appropriations, records, properties, equipment and
10 personnel, is hereby transferred to the Department of Fisheries and Aquatic Resources
11 as an attached agency under the Office of the Secretary: Provided, however, That the
12 Secretary of the Department of Fisheries and Aquatic Resources shall be the new
13 chairman of the Board: Provided, further, That no official or employee of the PFDA shall
14 be laid off in the implementation of this Section.

15 The Philippine Technical Advisory Committee of the SEAFDEC Aquaculture Department
16 created under Executive Order No. 834 dated October 4, 1982, including its relevant
17 functions, appropriations; records, properties, equipment and personnel, is hereby
18 transferred and attached to the Department of Fisheries and Aquatic Resources:
19 Provided, That no official or employee of the Board shall be laid off in the
20 implementation of this section.

21 The fisheries related functions of the Laguna Lake Development Authority, including its
22 relevant appropriations, records, and personnel, are hereby transferred to the
23 Department of Fisheries and Aquatic Resources: Provided, however, that no official or
24 employee of the LLDA shall be laid off in the implementation of this Section.

25 The Philippine Council for Aquatic and Marine Research and Development is abolished
26 and all its personnel, records, appropriations, property and equipment are transferred to
27 the National Fisheries Research and Development Institute of the Department of
28 Fisheries and Aquatic Resources.

29 The Marine Research and Conservation Division and the different Sections and the
30 Coastal Environment Program including its relevant appropriations, personnel, records,
31 property and equipment, all marine and coastal related projects and programs of the
32 Department of Environment and Natural Resources, and all fisheries related functions of
33 the DENR under Executive Orders No. 192 and 292, except the functions of the
34 enforcement of water pollution laws, rules and regulations, are hereby transferred to
35 the Department of Fisheries and Aquatic Resources.
